FOOD PIRATES' GRAB \$50,000,000 MONTHLY QUARTER BILLION TAKEN FROM CONSUMERS

Herbert C. Hoover, in Urging Food Control Bill, Makes Startling Statement.

FOOD DICTATORSHIP CLAIM IS SCOFFED

Shows Senators in Detail How People Have Been Mulcted by Conscienceless Food Pirates.

By Associated Press Dispatch.

Washington, June 19.—Food speculators have been taking \$50,000,000 a month for the past five months—a total of a quarter of a billion dollars—from the American people, Herbert C. Hoover today told senators in explaining the purposes of the food control bill, now before Congress.

Disclaiming entirely that the bill sets up a food dictatorship, Mr. Hoover told senators its purposes were entirely to organize the resources of the country and the people themselves into a food administration, to limit the commissions of middlemen and prevent extortion.

"With righteous manufacturers' and distributors' prices," he said, "the price of flour should not have been over \$9 a barrel. Yet it averages \$14. In the last five months \$250,000,000 have been extracted from the American consumer in excess of normal profits of manufacturers and distributors."

Not a single trade association, Mr. Hoover told the senators, is opposed to the food control bill.

The prospective food administrator went to the Capitol early today to explain the bill informally to senators, in the hope that a full understanding of its objects and purposes may allay some of the opposition.

FOR HOME PROTECTION DECLARES MR. HOOVER

Chairman Gore of the Agriculture Committee and Senator Reed of Missouri, leading the opposition to the bill, took part in questioning Mr. Hoover.

"The resort to these extraordinary powers is only because of the war," said Senator Gore.

"To provide not only more food for the Allies, but for ourselves," Mr. Hoover replied.

"Even if we had not gone into the war, we would have been up against this tremendous demand from Europe and probably driven to some legislation to protect our own people."

Mr. Hoover expressly disclaimed authorship, personal interest or responsibility for the bill's provisions extending to fuels.

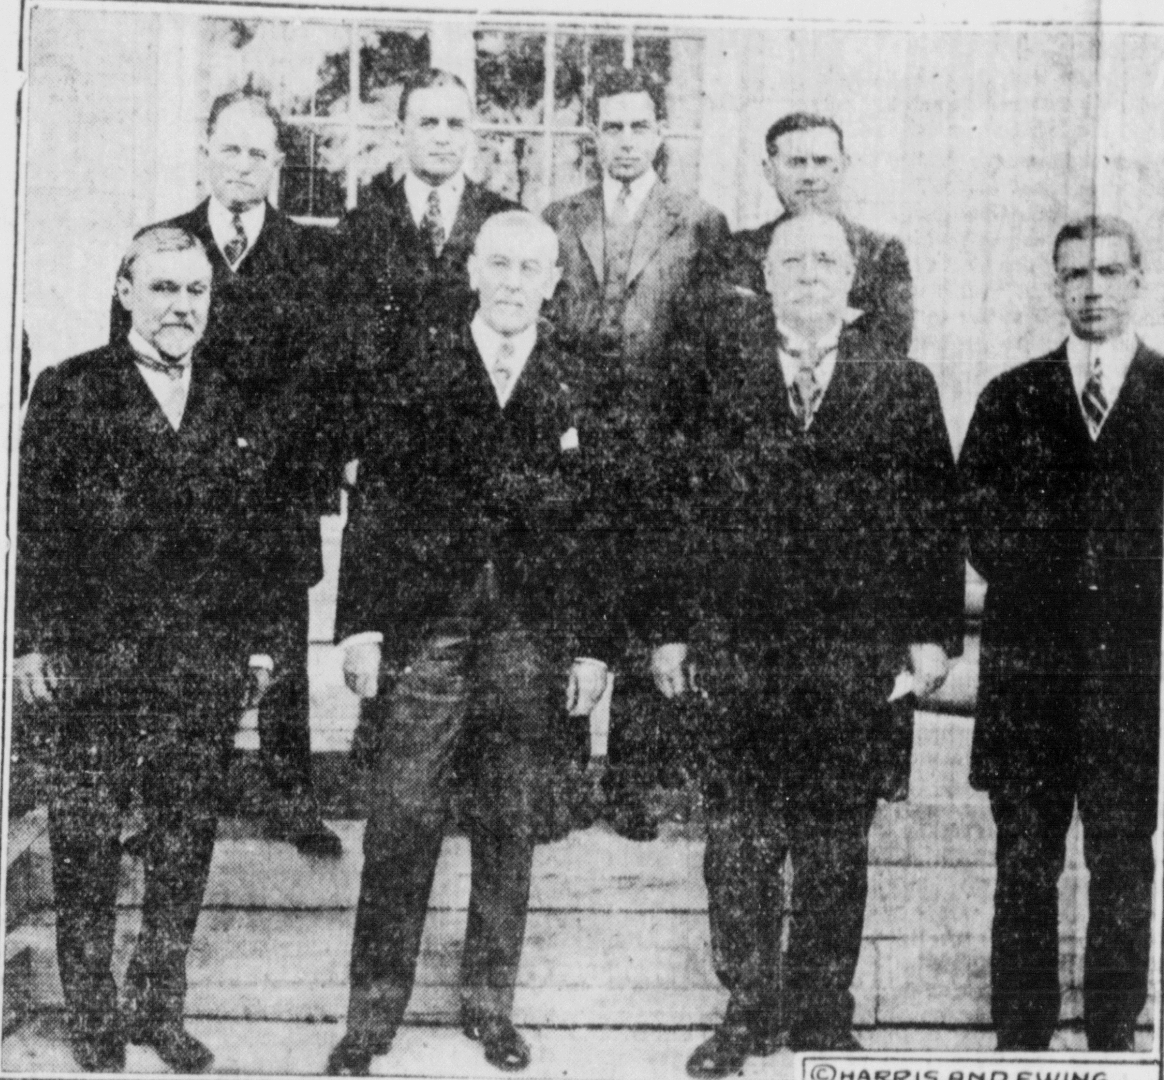

"I am only concerned with the provision relating to food," he insisted.

The provisions for commandeering factories, mines and other plants, he added, would not be necessary in administering food questions.

AFTER PIRATES

By Associated Press Dispatch.
Mexico City, June 19.—The Department of War and Marine has authorized the purchase of two coast guard cutters to cruise the waters surrounding Lower California to cope with the pirates looting the pearl shell beds which surround that coast. The vessels probably will be bought in the United States.

THESE MEN ARE RAISING \$100,000,000 FOR RED CROSS

OFFICERS AND WAR COUNCIL OF THE AMERICAN RED CROSS

The American Red Cross is organizing for the greatest work of war relief ever known, including the raising of a fund of \$100,000,000. President Wilson, its head, has called upon the best business administrators in the country to help to bring Red Cross to a maximum of efficiency and to make it a vital factor in winning the war.

The war council of the Red Cross is composed of some of the most prominent men of affairs in America.

They have dropped everything to give their whole time to this work. In this picture, taken in Washington, are the following leaders:

Front row, left to right: Robert W. De Forest, vice president of the Red Cross, a leading New York lawyer and philanthropist; President Woodrow Wilson, president of the American Red Cross; former President William H. Taft chairman of the executive committee of the Red Cross; Elliot Wadsworth, acting chairman of the executive committee, expert on

the administration of public utility companies.

Back row, left to right: Henry P. Davidson, chairman of the Red Cross war council of the firm of J. P. Morgan & Co., New York; Grayson M. P. Murphy member of the war council; Charles D. Norton, member of the war council, vice president of the First National bank of New York, and former secretary to President Taft; Edward N. Hurley, member of the war council, manufacturer of Chicago.

POLES REFUSE TO VOTE WAR CREDIT

Revolt of Poles in Austria Parliament May Have Far-reaching Consequences.

(Associated Press Cable.)

Copenhagen, via London, June 19.—The revolt of the Poles in the Austrian Parliament is described by the Vienna correspondent of the Vossische Zeitung as having produced a crisis in which the position not only of Premier Clemens, but also of Count Czernin, the Foreign Minister, is threatened.

A majority of the German papers treat the news of the situation with the greatest reserve, and the Government organs in Vienna hold out hope that the crisis may be overcome by granting a few ministerial posts to Polish parliamentarians.

The Poles indicated the seriousness of their intentions by a decision to

vote against the budget, being the first parliamentary group of any belligerent country, aside from a handful of extreme Socialists, in refusing to vote a war credit.

RED CROSS CAMPAIGN BOOMING

By Associated Press Dispatch.

Washington, June 19.—Early reports today at the Red Cross headquarters from 137 cities exclusive of New York showed \$3,204,254 subscribed or pledged to the \$100,000,000 war relief fund on the first day of the big drive.

The total is expected to increase rapidly when New York and other big centers are heard from. Few of the

larger cities had reported up to noon. Large returns are looked for today, as the result of mass meetings held in different sections of the country last night which marked the real beginning of the campaign.

Among the cities reporting with amounts were: Cleveland, \$340,000; Cincinnati, \$328,288 and Toledo, \$120,000.

RELEASED PRISONERS START ROW

Sinn Feiners' Return to Dublin Is Marked by Disorders.

(Associated Press Cable.)

Dublin, Ireland, June 19.—Several demonstrations were held last night in connection with the return to Dublin of the released Sinn Feiners.

Two men climbed the walls of the ruined postoffice building, on which they tied the Sinn Fein flag.

The police did not interfere until about two o'clock this morning, when two demonstrators were arrested and charged with breaking into the post

office and setting fire to timbers. The police later dispersed several marching bands.

The provisional executive of the Sinn Fein has decided to demand passports for three of its members to proceed to the United States for the purpose of opposing the objects of the Irish party mission there.

NO WORD YET

No previous word has been received that an Irish mission was to come to the United States.

BRITISH OFFENSIVE SLOWS UP

The French Front Shows Renewal of Activities.

Lines Are Straightened Out Nearly a Mile in Length.

By Associated Press Dispatch.

There has been a let-up in the severity of the fighting on the British front in France and Belgium.

Along the lines occupied by the French, however, a renewal of activities of a more intensive character is noted.

General Petain struck the German lines in the Champagne yesterday a blow which netted the French a trench system nearly a third of a mile in length in an important sector.

The French line was thereby straightened out along the hills between Mont Carnillet and Mont Blond, in territory vital to successful observation work.

Last night a violent attempt was made by the Germans to recapture their lost position after a heavy bombardment, and attack in force was launched.

The French guns broke it up, causing the Germans serious losses.

General Haig reports only raids in which his troops successfully felt out the enemy lines toward the southern end of the British front.

WILL KEEP NEUTRALITY

(Associated Press Cable.)

Montevideo, Uruguay, June 19.—President Viera has decided to make a declaration that Uruguay will not regard as a belligerent any American nation at war with nations of another continent.

Although Uruguay has decided to remain neutral in the war between the United States and Germany, the executive and legislative branches of the Government have expressed approval of the action of the United States.

Dispatches last week said American warships in Uruguayan waters would not be considered as belligerents.

OHIO LEADS STATES IN ENLISTMENTS

By Associated Press Dispatch.

Columbus, O., June 19.—Ohio led all other states in enlistments during the first ten days of June, according to a report received by Adjutant General Wood today from the War Department. The total number of enlistments in Ohio in that time was 5,946.

Ohio guard units expect to be enlisted to full war strength by the end of the month from the present outlook.

Seventeen units of the Ohio National Guard and the First Cavalry and Medical units are recruited to war strength. It was announced today by Adjutant General George H. Wood.

The strength of the Guard today is 19,500 men, and 20,000 wanted by the end of the week will be enrolled, he believed.

While that will not complete the war strength of the state military body, it will place the Guard on an excellent basis, and perhaps assure full war strength by July 15, when the men are to go into Federal service, Adjutant General Wood declared.

WILMINGTON MAN ON BOARD ARCHBOLD

G. C. ("Court") Wilkins, until he left recently for New York to take his place on the Archbold, has been living in Wilmington, Ohio, where he has been employed as an electrician for the Dayton Light & Power Co.

He is a young man of 25 years and unmarried. During last winter, he instructed a class of Wilmington young men in wireless telegraphy. His mother resides in Marysville.

CABINET RESIGNS

(Associated Press Cable.)

BASEL, SWITZERLAND, VIA PARIS, JUNE 19.—A VIENNA DISPATCH SAYS THAT THE AUSTRIAN CABINET HAS RESIGNED.

CITY SOLONS WILL INSIST ON SWEEPING

Long Delayed Cleaning of Paved Streets Gets Attention Last Night—B. & O. Stock Pens Gets More Attention, Health Officer Declaring They Are Unsanitary.

The adjourned session of the city council, Monday night, drew few visitors and little business was transacted.

The Ways and Means committee was not ready to report on proposed improvement of side streets and certain finances.

A petition was presented to improve Circle avenue from Main to Court street, the announcement being made that inasmuch as the city was paying \$80,000 for building country roads some money should be used on improving the street by macadamizing. Council expressed wonder at how the figures on the \$80,000 could be obtained, and the matter was referred to the Service Committee.

The Board of Health Committee reported that information had been received from the B. & O. railroad that the stock pens in this city would be improved by concreting the floors and the place where hogs are unloaded near the pens. Time to see what the company would do, was asked. It was stated that cinders were on the ground for the contemplated improvement of the pens.

Spring is a Surprise.
At this point a communication from Health Officer John W. Byron was sprung, coming as a surprise to some of the councilmen, who took no action after the letter was read. The letter follows:

"I have at different times in the past three years inspected the B. & O. stock pens, and have always found them in what I would call an unsanitary condition.

"Their location in a thickly populated section of the city and the business they are used for should at once condemn them against further use.

"My work as Health Officer keeps me in close touch with health conditions of the city, and I find that the residents in the neighborhood of these pens are getting their full quota of sickness and a part of it at least I attribute to the stock pens.

"From a health standpoint these pens should be outside of the city."

Attorney A. C. Patton, representing Solicitor Gregg, who could not be present, asked council to ratify the action of the finance committee in awarding the Eastern avenue bonds to a Cincinnati firm for par, accrued interest and \$9 premium. The bonds totaled \$7500.

Council took action requiring the sidewalk south of the bridge on Fayette street to be at least 6 feet wide.

That Street Cleaning
Councilman Evans asked the acting Solicitor the present status of the street cleaning, and the Acting Solicitor asked for Service-Safety Director Hillery to explain, but Mr. Hillery was absent. Clerk Flynn stated that Mayor Oster was still holding the notes which council had ordered issued to defray expenses of temporary cleaning of the streets.

Veall moved that the Ways and Means Committee confer with Mayor Oster with a view to adjusting the matter so that citizens could have relief from the dirty paved streets.

Sheets objected to this on the grounds that he was a member of the committee, and was opposed to sweeping.

Whelpley stated that a Marysville resident had informed him that flushing was not a success in Marysville, as the refuse clogged the sewers.

Sheets responded that for 28 years the refuse had washed into the sewers in this city, and they were still working alright, and that flushing was all right if it was done properly.

Evans then stated that he had not intended creating argument among the members, but sought some relief

for citizens who have been forced to suffer the inconvenience and annoyance of the unsanitary condition of the city's streets, without just cause. Bloomer announced that he was opposed to sweeping, but modified this into declaring himself as favoring sweeping as a temporary measure. When the question of the Ways and Means committee conferring with the mayor to adjust the matter, came up, Sheets voted no, the others favoring the motion.

After ascertaining that the \$10,000 bonds recently authorized for street improvement contained the fund for the city's portion of the Chillicothe pike, council adjourned.

FARM HANDS NOT WANTED IN KANSAS

Announcement has been made by Fred C. Croxton, head of the Ohio Branch of the Council of National Defense, to the effect that official word from Kansas states that it will be folly for farm hands to come to Kansas from any point east of the Mississippi river, this season, as the wheat crop is short and only one-fifth of the usual number of hands will be required, and these will be picked up in states adjoining Kansas.

As a result of the notice, no employment in Kansas wheat fields can be found for Ohio laborers this year, and Ohio laborers will find all of the work within the state that they can do, and at good prices.

The wheat harvest opens in Kansas about June 25th.

JEFFERSONVILLE CHAUTAUQUA ON

The Jeffersonville Chautauqua is now under way, with adverse circumstances featuring the opening number Monday afternoon, when the attraction was given in the Jefferson Hall because of failure of the big tent to reach the scene until in the afternoon sometime.

The tent had been shipped from Kentucky and arrived in this city too late to make connections for Jeffersonville, so those in charge called Playley's transfer truck into play and the equipment was soon moved to Jeffersonville and erected Monday afternoon in time for the night entertainment.

The chautauqua is now proceeding smoothly with good attendance and a splendid list of attractions.

MANY APPLICANTS FOR EMPLOYMENT

The information that the authorities would take immediate action against habitual loafers in this city has caused a general rush for employment, and those who have not made an effort to obtain employment and are not employed, will receive attention without delay, and will get the skills placed under them for the Xenia workhouse or to parts unknown.

The local employment bureau had 18 applicants for work, and six farm hands were placed. Not all of the applicants were loafers, but included in their ranks was a liberal sprinkling of them.

FALL IS FATAL TO WILLIAM A. BROWN

William A. Brown, 36, formerly of this city, is dead as the result of a fall from a building in Cincinnati last Friday, death resulting Monday evening in the Cincinnati Hospital to which institution he was taken immediately after his injury.

The remains will be shipped to this city on the evening train and taken to the home of Mrs. Ed Estel, on Third street, where funeral services will be held Wednesday afternoon at 1:30, and interment will be made in the Washington cemetery.

SCOUTS AND AGED VETERANS MARCH

Yesterday afternoon the two extremes of our national defense were seen on the city streets together.

More than a score of gray-haired members of the G. A. R. were escorted to the Chautauqua, where they were the honored guests of the management, by the boy scouts of the city.

The mingling of these honored veterans, who have "done their bit" with the energetic young bloods, who, as yet, may only dream of carrying "old glory" into battle, was an inspiring sight.

CHAUTAUQUA PROGRAM PLEASES LARGE CROWDS

Mrs. Pickett and the Old Soldier Fiddlers Form Attraction for Monday—Hawaiians and Bird Man Tonight—Good Program Wednesday.

With good attendance and interesting attractions, the Washington Chautauqua is proceeding with ever increasing interest, and Wednesday's program will be an exceptionally strong one, with two noted speakers and the Zedeler Symphonic Sextette.

The entertainer Monday afternoon was Mrs. George E. Pickett, wife of the noted Confederate general, with a review of her personal recollections of the Civil War and its leading characters.

The review of the Civil War days was very entertaining and instructive, and one of the most touching parts of her story was of the visit of President Lincoln to the Pickett home, when he was received by Mrs. Pickett. Mrs. Pickett related incidents connected with her acquaintance with many of the Civil War leaders on the Confederate side.

In the evening Col. John A. Pattee and his Old Soldier Fiddlers entertained the audience with a variety of selections, including stirring patriotic airs, winning round after round of applause. The evening audience was much larger than that of the afternoon.

Tuesday afternoon Vierra's Royal Hawaiian Singers and Players gave a concert, and Dr. Chas. S. Medbury, of Drake University, gave his lecture on "The Man of Now."

Tonight the Hawaiian singers and players will give a concert, and that prince of bird land, Chas. Crawford Gorst, will give an illustrated entertainment, and render a number of his most popular bird whistling songs. Washington citizens have heard Mr. Gorst on phonograph records, and they now have the opportunity of hearing him personally, and witnessing his illustrating work.

Tomorrow's Program.
In addition to the Junior activities, Wednesday, The Zedeler Symphonic Sextette, Margaret Stahl and "Burns of the Mountains," will be on the program, the first two appearing in the afternoon and the latter, with the Sextette, forming the evening program.

Margaret Stahl is recognized as one of the leading women readers of plays in America, and Pres. James A. Burns is strictly in a class by himself, and one of the most remarkable men in the United States.

The Sextette comes with the very highest recommendations.

FUNERAL SERVICES OF MRS. JOHN HIRT

The funeral services of Mrs. John Hirt were held before a large gathering of friends at the First Baptist Church at 1:30 o'clock Monday afternoon.

Rev. G. L. Hart, of the Baptist Church preached the funeral sermon. Albert McCoy presided.

The pallbearers were: two brother of Mrs. Hirt, Messrs Roy Snyder and Theodore Snyder; two cousins, Messrs. William Lucas and Edward Stewart and Mr. Michael Dempsey.

There were beautiful flowers in great abundance, several sprays and floral pieces having been sent by fraternal organization and friends in Springfield.

Out of town, friends and relatives attending the funeral were: Mrs. Christy Wolf of Circleville; Mrs. John Hirt of Columbus; Mr. and Mrs. Roy Snyder of Union City; Mr. and Mrs. McFadden and Mrs. Finsterbriner of Circleville.

Burial was made in the Washington cemetery.

MEMOIR
Bertha Snider Hirt, daughter of James and Ellen Snider was born near Washington C. H., Ohio, January 12, 1882, and departed this life in Springfield, Ohio, June 14, 1917.

On March 31, 1902 she was married to Mr. John Hirt of Circleville, Ohio, who with the three children, Paul, aged 14 years, Dorothy, 12 years and

John, 9 years mourn her departure. Most of her married life was spent in Chillicothe and Springfield with frequent visits to the home of her childhood and the friends she loved so well.

As a child Bertha was noted for her high ideals, and her devotion to duty. She was educated in the schools of this city and was one of the best loved pupils of the Sunnyside school. Conscientious and careful in her school work her loving heart and happy disposition endeared her to all with whom she came in contact, and her teachers and schoolmates still cherish happy memories of her early associations.

When a child she was baptized in the name of the Trine God in the Baptist Church of this city by Rev. Collins. After her marriage she embraced the religion of her husband and was confirmed in the Lutheran Church. She was a zealous member of the Calvary Lutheran Church of Springfield, Ohio, at the time of her death.

Hers was essentially a home loving disposition.

She was devoted to her husband and to her children.

Her interests and her ambitions centered only in her Church, her home, and her loved ones.

The last eight weeks of her long sickness were spent in the City Hospital of Springfield, Ohio, but all that loving care and expert medical treatment could do for her were of no avail.

She hoped to get well, but was patient and resigned to her suffering until the Death Angel called her.

Besides the devoted husband and three children she leaves a loving father and mother, two brothers: Frederick, of this city, Roy of Union City, Indiana, and one sister, Mrs. Josie Dempsey of this city.

A host of other relatives and friends mourn her loss.

Inexpressibly sad is the early taking away of this lovely young wife and mother—this devoted daughter and sister.

The two little sons and the little daughter shall gather inspiration and courage from the cherished memories of the dear mother's teachings.

Husband and children, father and mother, brothers and sisters, relatives and friends shall long "for the touch of a vanished hand and the sound of a voice that is still."

There is One and only One who can comfort us and we shall meet our dear one in Heaven.

We wish to express our heartfelt thanks and appreciation of the many kindnesses of our friends and neighbors and for the beautiful floral offerings.

Mr. John Hirt and Children, Mr. and Mrs. James Snider and Family.

CHAUTAUQUA GIVES \$14 TO RED CROSS

The management of the chautauqua turned over \$14.00 to the local chapter of the Red Cross, a percent of the gate receipts on last Sunday, which was Red Cross day.

The committees at the booth on the chautauqua grounds report good success in their membership campaign there.

New members enrolled during the past four days are:

A. E. Miller Paul Craig, Mrs. W. W. Barnes, Helen Ginn, Mrs. J. M. Willis, J. M. Willis, Doris Willis, Gretchen Willis, Mrs. Albert R. McCoy, Mrs. H. T. Wilkin, Mrs. Joseph H. Harper, Mr. C. C. PRICE OF BREAD TAKES BIG JUMP

The price of the smallest loaf of bread baked in Washington is now 10 cents and the price of the next largest loaf, which recently sold for 12 cents, has been increased to 15 cents per loaf.

The size of the smaller loaf has been increased to some extent. The increase, it is announced, is made necessary by old contracts for flour having expired and the necessity of new contracts at a stiff advance in price over that of the old.

CASE SUBMITTED ONE IS CONTINUED

The injunction case of Greene against the County Board of Education and others, for stopping the Millidgeville election on bond issue and centralization, which was to have come up before Judge Newby on Monday, was postponed two weeks.

The case wherein action was brought to prevent the hiring of teachers in Jasper township, was submitted to the Court, and he will give an opinion later.

Poetry For Today

THE COURAGE OF TIMIDITY.
 Quiet and gentle and timid she, yielding as lilies are;
 She is the kind that grows panicky over a scratch or scar;
 Therefore I marveled the day she came cheering, her glad eyes bright
 Seeming to glow with an inward flame straight from the Throne of Light.
 The wonder of her!
 What was the magic and what was the spur
 Could work such a change both sudden and strange?

"Here's his commission," she waved it high, "now he will have his chance
 First to be there when our colors fly over the fields of France."
 "Think of the dangers," I interposed; "how can you let him go?"
 Think of the horrors but half disclosed—"Ah yes," she breathed, "I know.
 But I'd rather he'd be Under the sod or under the sea Than under the bed." That's what she said.

DUTCH TREATERS TO HEAR BURNS

The Dutch Treat Club meets Wednesday noon instead of Thursday noon this week, and will be addressed by "Burns of the Mountains," or President James A. Burns, who lectures at the Chautauqua Wednesday evening.

Mr. Burns will give a short address and a large attendance is desired.

HOLD CAPTAIN FOR DEATH OF COLLEGE MAN

Officer of U. S. Army Medical Corps Faces a Grave Charge in New Jersey.

By Associated Press Dispatch.
 New Brunswick, N. J., June 19.—A warrant for the arrest of Dr. William J. Condon, a captain in the United States Army Medical Corps at Chattanooga, Tenn., was issued here today in connection with the murder of John V. Piper, a University of Vermont graduate, whose body was found with a bullet wound in the breast near Spotswood, New Jersey, last Saturday.

Piper, who was working his way through Rutgers College by doing odd jobs, including that of attending to the furnace of Dr. Condon, according to authorities here, disappeared on the night of February 17. On Saturday his body was found by the roadside near Spotswood.

The authorities have made public some of the evidence on which the warrant for Dr. Condon was issued. The physician is alleged to have removed the body from the cellar of his home last week, prior to his departure for Tennessee.

In the cellar was found a bag of lime samples which are declared by the prosecutor to be the same as that on Piper's body and as lime found on the seat of the physician's automobile.

STROUSE FUNERAL

Funeral services of Mae Strouse, who died at the home of her father, James Stoughton on Paint St. Saturday night, was held in the Sugar Creek cemetery Tuesday afternoon, following short funeral services at the residence. Rev. Wm. Boynton Gage officiated.

SHOTGUN USED WINDOW SHATTERED

The police are investigating a mysterious shooting affray on East Paint street, where a window in the residence of Thomas Peagans was shattered about one o'clock Monday morning by a load of shot, presumably fired from the opposite side of the street.

When the police started an inquiry Peagan did not want the guilty party prosecuted, and a neighbor across the street apparently knew something of the affair, but did not disclose the name of the guilty party. And so the matter rests and no further action is anticipated.

GOOD CHAUTAUQUA AT BLOOMINGBURG

The Bloomingburg Chautauqua, which opened Sunday is progressing with increased interest and attendance, the talent offered being excellent and inspirational, interesting and highly instructive.

The committee in charge is greatly pleased with the attendance and the talent generally.

PLAN OPENING GAME FOR THIRD TIME

Tonight, if weather conditions and eligibility rules permit the opening game of the Sunday School Series which has been announced on two former occasions will be played.

The Christian-Methodist game which was to have been played last Tuesday night was forfeited by the Christians and the game between the Presbyterians and Baptists scheduled for Friday night last, was called off on account of rain.

Tonight, at 6:15, on the Old Fair Ground Diamond, the Presbyterian will clash with the Christians.

Manager Weir of the Christians and manager George Sheets, of the Presbyterians both promise to have eligible teams on the field this evening, and a fast game is expected. The public is invited.

COLUMBUS COUPLE REFUSED LICENSE

Joel Tell, 45, laborer of Columbus, and Elhara Barkley, 36, also of Columbus, presented themselves at the probate judge's office Tuesday and asked for a license to wed.

As the records were being filed in the woman announced her residence as Columbus. "You can't get a license here, then," she was informed by Judge Allen.

The couple then explained that they were "just passing through the city" and thought they would "just drop off and get married."

CHILLICOTHE PIKE PAVING HALF DONE

Contractor O. M. Junk is now nearing the Paint creek bridge with the brick paving on the Chillicothe pike, and will finish the work to the bridge this week.

All of the remainder of the pike to the corporation line has been graded so that work will be rapid from now onward, and the entire improvement will be finished by August first.

The paving starts near the Good Hope pike intersection, and will connect with South Fayette street, paying.

MARRIAGE LICENSES

Taylor Bellar, 21, farmer and Fairy Bowler, 17. Both this city.

The metropolitan dailies are raising a "howl" because of the censorship of the papers. The big dailies want to not only tell us about our military movement, but the "enemy's" as well. Congress should pass the rigid censorship law, even if it does displease a few big publishers. We can afford to have our liberties curtailed for a short while if we are enabled to defeat our brutal enemy the quicker thereby.

UTAH UNIVERSITY CHOOSES LOCAL MAN INSTRUCTOR

Davis Edward graduated from the University of Chicago with the degree of Bachelor of Philosophy on June the 12th. He took his principal sequence of courses in the Social Sciences his secondary sequence in English and also work covering the field of study of the Department of Public Speaking. The past year he has been doing private work with Professor Clark of the Public Speaking Department and with Professor Phillips of the Chicago Theological Seminary.

Mr. Edwards is a member of the Delta Chi fraternity, the University of Chicago Debating Society, the University of Chicago Dramatic Club, and Blackfriars the university musical comedy organization. He also took part in classic plays put on by the Department of English last year and in the senior class plays this year.

During his course at Chicago he has won the first prize in The Florence James Adams contest in artistic reading, second prize in the Julius Rosenwald Oratorical contest, the Freshmen Debating Scholarship, two scholarships for high standard of work and a graduate honor scholarship for the coming year by The Department of Political Economy.

Mr. Edwards was assistant to Professor Nelson of the Department of Public Speaking during the summer of 1916 and has been teaching public speaking in the Chicago evening High Schools during the past year. On account of defective vision he did not pass the United States Army physical examination.

Next year he will be instructor in Public Speaking at the State University of Utah.

He will remain in Chicago for a few weeks to organize the courses that he will teach at Salt Lake City.

The Russian Peasants

Later reports from Russia are decidedly more encouraging. Only a short time ago the attitude of the soldiers and workmen's representatives, coming as they did from the more populous centers, were so radical and socialistic in their demands, so uncertain and faltering in their own position and, with it all, so emphatic in their assertion of intention that democracy had about given up hope of ever being able to wield anything like an aggressive fighting force together again out of the mass of Russians.

Since the arrival of the American mission and the receipt of reports from more dependable sources it seems that the representative body which is controlling the governmental machinery at least formally, comprises a very small proportion of the Russian people.

The real substantial power in Russia is the peasants—the millions of the agricultural class.

They are a unit for democracy and the vigorous prosecution of the war. But, the soldiers' and workmen's organization, radically socialistic as it is, being in control, the peasants have very wisely concluded to not run the risk of further turmoil by ousting them from power at this time.

Gradually the soldiers' and workmen's delegates are coming to realize their inability to deal with present conditions and gradually the peasant representatives are obtaining, without revolution, the control of the affairs of state.

Calling on the Neighbors

The British commission, the French commission, the Russian and the Japanese commissions have called on the United States and now the Italians are making their call.

While, of course, there is some business to be transacted and some official and governmental understandings to be concluded, yet, after all, there is something about these calls of the nations upon us that brings back to memory that delightful old time when neighbors called on each other regularly and when the new comer in the neighborhood was welcomed by calls.

Of late years the splendid old custom has been dropped and now days neighbors come and go without a visit from the family across the street, or across the line fence either, for that matter.

People have become too much occupied with commercial affairs, too busy chasing the dollars to pay attention to the little "inconsequential" niceties and formalities. We have grown too much to measure everything by the yard stick of business advantage and failing to see, in the social calls on the new or the old neighbors any direct business advantage—any dollars coming back—year by year the custom was abandoned little by little. Of late, it has been only one of those pleasant memories of the old time, the quiet, peaceful, slow old time, when people found pleasure in a great many things beside commercialism.

Nations grew like the people—they grew "offish," unneighborly and selfish. They forgot that there were others in the world, they got out of touch. They didn't care much about each other except as they could obtain some commercial advantage they became as strangers—strife and war were certain to follow and did follow.

Now we understand, when the bill comes in, just what a splendid opportunity we have overlooked and at what frightful cost.

The United States, away off by itself has, by the coming of steam and electricity, moved into the neighborhood of other nations and the nations of the old world are calling on the new neighbor.

We all hope that when the immediate need passes the good old custom of making calls will not be discontinued.

And to help along individuals might look about them and renew their acquaintance with their old neighbors and hunt up the new ones and welcome them.

It's a splendid thing to keep in touch with humanity.

The Town Idlers

Perhaps there is no law in Ohio to compel the sluggards to go to work. If there is not there should be—even if necessary a martial law decree.

If there is anywhere between the lids of the statute books of the state any law which vests, either directly or by fair implication, in letter or spirit, in the officials of the municipalities, the right to make men work it should be enforced.

Right here in Washington for years there have been a score or more of able bodied men with families dependent upon them, who never worked and never will unless made to do so by the authorities.

The generous public has, in times of distress, looked after the family and provided clothing, shelter and food out of the public purse. Men who will allow their families to suffer for the necessities of life because they are too lazy to work cannot be expected to hear the call of the nation.

The only thing that will stir them up to work is the stern hand of the law to grab them and make them work.

CITY SOLONS WILL INSIST ON SWEEPING

Long Delayed Cleaning of Paved Streets Gets Attention Last Night—B. & O. Stock Pens Gets More Attention, Health Officer Declaring They Are Unsanitary.

The adjourned session of the city council, Monday night, drew few visitors and little business was transacted.

The Ways and Means committee was not ready to report on proposed improvement of side streets and certain finances.

A petition was presented to improve Circle avenue from Main to Court street, the announcement being made that inasmuch as the city was paying \$80,000 for building country roads some money should be used on improving the street by macadamizing. Council expressed wonder at how the figures on the \$80,000 could be obtained, and the matter was referred to the Service Committee.

The Board of Health Committee reported that information had been received from the B. & O. railroad that the stock pens in this city would be improved by concreting the floors and the place where hogs are unloaded near the pens. Time to see what the company would do, was asked. It was stated that cinders were on the ground for the contemplated improvement of the pens.

Spring a Surprise.

At this point a communication from Health Officer John W. Byron was sprung, coming as a surprise to some of the councilmen, who took no action after the letter was read. The letter follows:

"I have at different times in the past three years inspected the B. & O. stock pens, and have always found them in what I would call an unsanitary condition.

"Their location in a thickly populated section of the city and the business they are used for should at once condemn them against further use.

"My work as Health Officer keeps me in close touch with health conditions of the city, and I find that the residents in the neighborhood of these pens are getting their full quota of sickness and a part of it at least I attribute to the stock pens.

"From a health standpoint these pens should be outside of the city."

Attorney A. C. Patton, representing Solicitor Gregg, who could not be present, asked council to ratify the action of the finance committee in awarding the Eastern avenue bonds to a Cincinnati firm for par, accrued interest and \$9 premium. The bonds totaled \$7500.

Council took action requiring the sidewalk south of the bridge on Fayette street to be at least 6 feet wide.

That Street Cleaning

Councilman Evans asked the acting Solicitor the present status of the street cleaning, and the Acting Solicitor asked for Service Safety Director Hillery to explain, but Mr. Hillery was absent. Clerk Flynn stated that Mayor Oster was still holding the notes which council had ordered issued to defray expenses of temporary cleaning of the streets.

Veal moved that the Ways and Means Committee confer with Mayor Oster with a view to adjusting the matter so that citizens could have relief from the dirty paved streets.

Sheets objected to this on the grounds that he was a member of the committee, and was opposed to sweeping.

Whelpley stated that a Marysville resident had informed him that flushing was not a success in Marysville, as the refuse clogged the sewers.

Sheets respond that for 28 years the refuse had washed into the sewers in this city, and they were still working alright, and that flushing was all right if it was done properly.

Evans then stated that he had not intended creating argument among the members, but sought some relief

for citizens who have been forced to suffer the inconvenience and annoyance of the unsanitary condition of the city's streets, without just cause.

Bloomer announced that he was opposed to sweeping, but modified this into declaring himself as favoring sweeping as a temporary measure. When the question of the Ways and Means committee conferring with the mayor to adjust the matter, came up, Sheets voted no, the others favoring the motion.

After ascertaining that the \$10,000 bonds recently authorized for street improvement contained the fund for the city's portion of the Chillicothe pike, council adjourned.

FARM HANDS NOT WANTED IN KANSAS

Announcement has been made by Fred C. Croxton, head of the Ohio Branch of the Council of National Defense, to the effect that official word from Kansas states that it will be folly for farm hands to come to Kansas from any point east of the Mississippi river, this season, as the wheat crop is short and only one-fifth of the usual number of hands will be required, and these will be picked up in states adjoining Kansas.

As a result of the notice, no employment in Kansas wheat fields can be found for Ohio laborers this year, and Ohio laborers will find all of the work within the state that they can do, and at good prices.

The wheat harvest opens in Kansas about June 25th.

JEFFERSONVILLE CHAUTAUQUA ON

The Jeffersonville Chautauqua is now under way, with adverse circumstances featuring the opening number Monday afternoon, when the attraction was given in the Jefferson Hall because of failure of the big tent to reach the scene until in the afternoon sometime.

The tent had been shipped from Kentucky and arrived in this city too late to make connections for Jeffersonville, so those in charge called Pyley's transfer truck into play and the equipment was soon moved to Jeffersonville and erected Monday afternoon in time for the night entertainment.

The chautauqua is now proceeding smoothly with good attendance and a splendid list of attractions.

MANY APPLICANTS FOR EMPLOYMENT

The information that the authorities would take immediate action against habitual loafers in this city has caused a general rush for employment, and those who have not made an effort to obtain employment and are not employed, will receive attention without delay, and will get the skills placed under them for the Xenia workhouse or to parts unknown.

Monday the local employment bureau had 18 applicants for work, and six farm hands were placed. Not all of the applicants were loafers, but included in their ranks was a liberal sprinkling of them.

FALL IS FATAL TO WILLIAM A. BROWN

William A. Brown, 36, formerly of this city, is dead as the result of a fall from a building in Cincinnati last Friday, death resulting Monday evening in the Cincinnati Hospital to which institution he was taken immediately after his injury.

The remains will be shipped to this city on the evening train and taken to the home of Mrs. Ed Estel, on Third street, where funeral services will be held Wednesday afternoon at 1:30, and interment will be made in the Washington cemetery.

SCOUTS AND AGED VETERANS MARCH

Yesterday afternoon the two extremes of our national defense were seen on the city streets together.

More than a score of gray haired members of the G. A. R. were escorted to the Chautauqua, where they were the honor guests of the management, by the boy scouts of the city.

The mingling of these honored veterans, who have "done their bit" with the energetic young bloods, who, as yet, may only dream of carrying "old glory" into battle, was an inspiring sight.

CHAUTAUQUA PROGRAM PLEASES LARGE CROWDS

Mrs. Pickett and the Old Soldier Fiddlers Form Attraction for Monday—Hawaiians and Bird Man Tonight—Good Program Wednesday.

With good attendance and interesting attractions, the Washington Chautauqua is proceeding with ever increasing interest, and Wednesday's program will be an exceptionally strong one, with two noted speakers and the Zedeler Symphonic Sextette.

The entertainer Monday afternoon was Mrs. George E. Pickett, wife of the noted Confederate general, with a review of her personal recollections of the Civil War and its leading characters.

The review of the Civil War days was very entertaining and instructive and one of the most touching parts of her story was of the visit of President Lincoln to the Pickett home, when he was received by Mrs. Pickett. Mrs. Pickett related incidents connected with her acquaintance with many of the Civil War leaders on the Confederate side.

In the evening Col. John A. Pattee and his Old Soldier Fiddlers entertained the audience with a variety of selections, including stirring patriotic airs, winning round after round of applause. The evening audience was much larger than that of the afternoon.

Tuesday afternoon Vierra's Royal Hawaiian Singers and Players gave a concert, and Dr. Chas. S. Medbury, of Drake University, gave his lecture on "The Man of Now."

Tonight the Hawaiian singers and players will give a concert, and that prince of bird land, Chas. Crawford Gorst, will give an illustrated entertainment, and render a number of his most popular bird whistling songs. Washington citizens have heard Mr. Gorst on phonograph records, and they now have the opportunity of hearing him personally, and witnessing his illustrating work.

Tomorrow's Program.

In addition to the Junior activities, Wednesday, The Zedeler Symphonic Sextette, Margaret Stahl and "Burns of the Mountains," will be on the program, the first two appearing in the afternoon and the latter, with the Sextette, forming the evening program.

Margaret Stahl is recognized as one of the leading women readers of plays in America, and Pres. James A. Burns is strictly in a class by himself, and one of the most remarkable men in the United States.

The Sextette comes with the very highest recommendations.

FUNERAL SERVICES OF MRS. JOHN HIRT

The funeral services of Mrs. John Hirt were held before a large gathering of friends at the First Baptist Church at 1:30 o'clock Monday afternoon.

Rev. G. L. Hart of the Baptist Church preached the funeral sermon. Albert McCoy presided.

The pallbearers were: two brothers of Mrs. Hirt, Messrs Roy Snyder and Theodore Snyder; two cousins, Messrs William Lucas and Edward Stewart and Mr. Michael Dempsey.

There were beautiful flowers in great abundance, several sprays and floral pieces having been sent by fraternal organization and friends in Springfield.

Out of town, friends and relatives attending the funeral were: Mrs. Christy Wolf of Circleville; Mrs. John Hirt of Columbus; Mr. and Mrs. Roy Snyder of Union City; Mr. and Mrs. McEadden and Mrs. Finsterbriner of Circleville.

Burial was made in the Washington cemetery.

MEMOIR

Bertha Snider Hirt, daughter of James and Ellen Snider was born near Washington C. H., Ohio, January 12, 1882, and departed this life in Springfield, Ohio, June 14, 1917.

On March 31, 1902 she was married to Mr. John Hirt of Circleville, O., who with the three children, Paul, aged 14 years, Dorothy, 12 years and

John, 9 years mourn her departure. Most of her married life was spent in Chillicothe and Springfield with frequent visits to the home of her childhood and the friends she loved so well.

As a child Bertha was noted for her high ideals, and her devotion to duty. She was educated in the schools of this city and was one of the best loved pupils of the Sunnyside school. Conscientious and careful in her school work her loving heart and happy disposition endeared her to all with whom she came in contact, and her teachers and schoolmates still cherish happy memories of her early associations.

When a child she was baptized in the name of the Triune God in the Baptist Church of this city by Rev. Collins. After her marriage she embraced the religion of her husband and was confirmed in the Lutheran Church. She was a zealous member of the Calvary Lutheran Church of Springfield, Ohio, at the time of her death.

Bertha was essentially a home loving disposition.

She was devoted to her husband and to her children.

Her interests and her ambitions centered only in her Church, her home, and her loved ones.

The last eight weeks of her long sickness were spent in the City Hospital of Springfield, Ohio, but all that loving care and expert medical treatment could do for her were of no avail.

She hoped to get well, but was patient and resigned to her suffering until the Death Angel called her.

Besides the devoted husband and three children she leaves a loving father and mother, two brothers: Frederick, of this city, Roy of Union City, Indiana, and one sister, Mrs. Josie Dempsey of this city.

A host of other relatives and friends mourn her loss.

Inexpressibly sad is the early taking away of this lovely young wife and mother—this devoted daughter and sister.

The two little sons and the little daughter shall gather inspiration and courage from the cherished memories of the dear mother's teachings.

Husband and children, father and mother, brothers and sisters, relatives and friends shall long "for the touch of a vanished hand and the sound of a voice that is still."

There is One and only One who can comfort us and we shall meet our dear one in Heaven.

We wish to express our heartfelt thanks and appreciation of the many kindnesses of our friends and neighbors and for the beautiful floral offerings.

Mr. John Hirt and Children.
Mr. and Mrs. James Snider and Family.

CHAUTAUQUA GIVES \$14 TO RED CROSS

The management of the chautauqua turned over \$14.00 to the local chapter of the Red Cross, a percent of the gate receipts on last Sunday, which was Red Cross day.

The committees at the booth on the chautauqua grounds report good success in their membership campaign there.

New members enrolled during the past four days are:

PRICE OF BREAD TAKES BIG JUMP

The price of the smallest loaf of bread baked in Washington is now 10 cents and the price of the next largest loaf, which recently sold for 12 cents, has been increased to 13 cents per loaf.

The size of the smaller loaf has been increased to some extent. The increase, it is announced, is made necessary by old contracts for flour having expired and the necessity of new contracts at a stiff advance in price over that of the old.

CASE SUBMITTED ONE IS CONTINUED

The injunction case of Greene against the County Board of Education and others, for stopping the Millidgeville election on bond issue and centralization, which was to have come up before Judge Newby on Monday, was postponed two weeks.

The case wherein action was brought to prevent the hiring of teachers in Jasper township, was submitted to the Court, and he will give an opinion later.

We have grown too much to measure everything by the yard stick of business advantage and failing to see, in the social calls on the new or the old neighbors any direct business advantage—any dollars coming back—year by year the custom was abandoned little by little. Of late, it has been only one of those pleasant memories of the old time, the quiet, peaceful, slow old time, when people found pleasure in a great many things beside commercialism.

Nations grew like the people—they grew "offish," unneighborly and selfish. They forgot that there were others in the world, they got out of touch. They didn't care much about each other except as they could obtain some commercial advantage they became as strangers—strife and war were certain to follow and did follow.

Now we understand, when the bill comes in, just what a splendid opportunity we have overlooked and at what frightful cost.

The United States, away off by itself has, by the coming of steam and electricity, moved into the neighborhood of other nations and the nations of the old world are calling on the new neighbor.

We all hope that when the immediate need passes the good old custom of making calls will not be discontinued.

And to help along individuals might look about them and renew their acquaintance with their old neighbors and hunt up the new ones and welcome them.

It's a splendid thing to keep in touch with humanity.

The Town Idlers

Perhaps there is no law in Ohio to compel the sluggards to go to work. If there is not there should be—even if necessary a martial law decree.

If there is anywhere between the lids of the statute books of the state any law which vests, either directly or by fair implication, in letter or spirit, in the officials of the municipalities, the right to make men work it should be enforced.

Right here in Washington for years there have been a score or more of able bodied men with families dependent upon them, who never worked and never will unless made to do so by the authorities.

The generous public has, in times of distress, looked after the family and provided clothing, shelter and food out of the public purse. Men who will allow their families to suffer for the necessities of life because they are too lazy to work cannot be expected to hear the call of the nation.

The only thing that will stir them up to work is the stern hand of the law to grab them and make them work.

Poetry For Today

THE COURAGE OF TIMIDITY.

Quiet and gentle and timid she, yielding as lilies are;
 She is the kind that grows panicky over a scratch or scar;
 Therefore I marveled the day she came cheering, her glad eyes bright
 Seeming to glow with an inward flame straight from the Throne of Light.
 The wonder of her!
 What was the magic and what was the spur
 Could work such a change both sudden and strange?

"Here's his commission," she waved it high, "now he will have his chance
 First to be there when our colors fly over the fields of France."
 "Think of the dangers," I interposed; "how can you let him go?"
 Think of the horrors but half disclosed—"Ah yes," she breathed, "I know.
 But I'd rather he'd be Under the sod or under the sea Than under the bed!" That's what she said.
 —Florence Goff Schwartz.

HOLD CAPTAIN FOR DEATH OF COLLEGE MAN

Officer of U. S. Army Medical Corps Faces a Grave Charge in New Jersey.

By Associated Press Dispatch.
 New Brunswick, N. J., June 19.—A warrant for the arrest of Dr. William J. Condon, a captain in the United States Army Medical Corps at Chattanooga, Tenn., was issued here today in connection with the murder of John V. Piper, a University of Vermont graduate, whose body was found with a bullet wound in the breast near Spotswood, New Jersey, last Saturday.

Piper, who was working his way through Rutgers College by doing odd jobs, including that of attending to the furnace of Dr. Condon, according to authorities here, disappeared on the night of February 17. On Saturday his body was found by the roadside near Spotswood.

The authorities have made public some of the evidence on which the warrant for Dr. Condon was issued. The physician is alleged to have removed the body from the cellar of his home last week, prior to his departure for Tennessee.

In the cellar was found a bag of lime samples which are declared by the prosecutor to be the same as that on Piper's body and as lime found on the seat of the physician's automobile.

STROUSE FUNERAL

Funeral services of Mae Strouse, who died at the home of her father, James Stoughton on East St., Saturday night, was held to rest in the Sugar Creek cemetery Tuesday afternoon, following short funeral services at the residence. Rev. Wm. Boynton Gage officiated.

SHOTGUN USED WINDOW SHATTERED

The police are investigating a mysterious shooting affair on East Paint street, where a window in the residence of Thomas Fegans was shattered about one o'clock Monday morning by a load of shot, presumably fired from the opposite side of the street.

When the police started an inquiry Fegans did not want the guilty party prosecuted, and a neighbor across the street apparently knew something of the affair, but did not disclose the name of the guilty party. And so the matter rests and no further action is anticipated.

GOOD CHAUTAUQUA AT BLOOMINGBURG

The Bloomingburg Chautauqua, which opened Sunday is progressing with increased interest and attendance, the talent offered being excellent and inspirational, interesting and highly instructive.

The committee in charge is greatly pleased with the attendance and the talent generally.

PLAN OPENING GAME FOR THIRD TIME

Tonight, if weather conditions and eligibility rules permit the opening game of the Sunday School Series which has been announced on two former occasions will be played.

The Christian-Methodist game which was to have been played last Tuesday night was forfeited by the Christians and the game between the Presbyterians and Baptists scheduled for Friday night last, was called off on account of rain.

Tonight, at 6:15, on the Old Fair Ground Diamond, the Presbyterian will clash with the Christians.

Manager Weir of the Christians and manager George Sheets, of the Presbyterians both promise to have eligible teams on the field this evening, and a fast game is expected. The public is invited.

COLUMBUS COUPLE REFUSED LICENSE

Joel Tell, 45, laborer of Columbus, and Elvora Barkley, 36, also of Columbus, presented themselves at the probate judge's office Tuesday and asked for a license to wed.

As the records were being filled in the woman announced her residence as Columbus. "You can't get a license here, then," she was informed by Judge Allen.

The couple then explained that they were "just passing through the city" and thought they would "just drop off and get married."

CHILLICOTHE PIKE PAVING HALF DONE

Contractor O. M. Junk is now nearing the point where the bridge will be finished on the Chillicothe pike, and will finish the work to the bridge this week.

All of the remainder of the pike to the corporation line has been graded so that work will be rapid from now onward, and the entire improvement will be finished by August first.

The paving starts near the Good Hope pike intersection, and will connect with South Fayette street paving.

In Social Circles

The annual Junior concert passed off Saturday p. m. at Stinson school of music with spirit and eclat, with Donna Barnett and Doris Kelly playing Air De Ballet by Chamblaine on two pianos. Their ensemble work on two pianos and beauty of expression deserves especial mention. They also played a Bach Fugue with splendid interpretation on two pianos. Miss Kelly captivated the audience with her McDowell numbers. Miss Barnett was exceptionally good in her Nevin selection. Miss Alice Reser showed the calibre of a musician so finished was her work. She showed careful study. Miss Ethel Nisley who has been studying since January, showed what she can do in a very short time. Her best played numbers were by Nevin and Von Weber.

Miss Helen McKee sang an aria from "Il Trovatore" accompanied with violin obligato by Miss Chase of Cincinnati. Mr. Wallace Perrill added much to the pleasure of the afternoon by singing an Air from "Sylvia." Mr. Perrill has a promising high tenor and is an earnest student. Mr. Perrill will take the part of Dillace in his home town when the opera Sylvia is given in Jeffersonville.

Miss Esther Kilgore a Junior education student from Jamestown gave four very good numbers. Miss Kilgore was exceptionally good in character. It will be remembered that Miss Kilgore received the medal at four contests in her county, winning every medal for which she contested. Miss Kilgore is only 18 years of age.

The program was closed by the quartet of pianists. After the program Misses Georgiana Snyder, Donna Barnett, Doris Kelly, Alice Reser and Ethel Nisley served dainty refreshments. The out of town guests were Miss Kilgore of Jamestown, Mr. Harold Phillips of Granville, Miss Chase of Cincinnati.

In honor of the birthday of Mrs. William Zimmerman and also the birthdays of a quartet of her grandchildren there was a delightful family gathering at the Zimmerman home on the Jeffersonville pike Sunday. It was in the nature of a surprise, the guests bringing everything for a bountiful picnic dinner.

Participating in the affair were Mr. and Mrs. Sam Moots, son Donald, Mr. and Mrs. Ray Moots, son Harold, Mr. and Mrs. Wm. Miller, daughter Doris.

Mr. and Mrs. Tom Groves, daughter Doris, Mr. Lyman Hays, daughter Violet and Rosalie, Mr. and Mrs. Elmer Moots, son Glenn Dean, Mr. and Mrs. Roy Moots, son Bernard, Mr. and Mrs. Jess Moots, of Barborton, O.

Miss Dorothy Smith is entertaining a house party at her home in Bainbridge. Miss Helen Harper and guest, Miss Florence Langston of Darlington, S. Ca., and Miss Nina Dahl, went down from here Tuesday morning.

Mr. Dana Hyer royally entertained his Sunday school class of Harmony M. P. church and a few friends, Sunday from 2 to 6. Beautiful plants and pink and white peonies were arranged throughout the home. The afternoon was spent in games and contests, the prizes were won by Clyde Hyer and Ethel Hodge. Miss Willa Lynch gave a few selections on the piano and a phonograph furnished music throughout the afternoon.

During the social hour light refreshments were served on the beautiful lawn.

Miss Arta Moore, with Misses Addie Wigginton, Cecile Reeder, Jane Davis, Mr. E. H. Reeder and little daughter Ludene and Mr. Henry Snider, are motoring over to Miss Moore's home in Greenfield tonight to enjoy a strawberry supper, and the large strawberry beds of the Moore gardens.

Handsomely engraved invitations received by relatives and friends in this city, bear the following inscription:

Mr. and Mrs. Frank Johnson Beasley announce the marriage of their daughter Edith Louise to

Mr. Joseph Carl Briggs On May the thirteenth, nineteen hundred and seventeen In Covington, Ky.

At home after the thirteenth of June 13 Sixteenth Avenue.

The bridegroom is the only son of Mr. and Mrs. Luther Briggs, belonging to a well known Fayette county family and residing here until a year ago. He was a popular member of a younger set and the news of his marriage will elicit a shower of congratulations.

The bride is a charming and accomplished girl. She is quite young, having graduated at the O. W. U. only last week and taking first honors as the best art student.

The future home of Mr. and Mrs. Briggs will be made in Columbus, where Mr. Briggs makes headquarters as a successful representative of the Kaiser Tie Co.

A most congenial gathering of forty-five couples of the younger social set of Washington, Wilmington and Chillicothe were guests of Miss Mary Alice Culhan, at Maple Grove Springs Hotel, last night, and enjoyed one of the prettiest dancing parties of the season.

Miss Culhan, Miss Emily Tanzey, and Mr. East, of Newark, formed the receiving line. Miss Culhan was wearing black net over cerise with silver braid trimmings.

At 8:45 o'clock, the stately grand march started, with Miss Culhan and Mr. East leading. The pleasing color schemes in the array of pretty gowns was all the more effective in the alignment.

The dancing pavilion had been converted into a maple bower, by the abundance of fresh and artistically arranged boughs about the room. The national colors were also used both in the decoration of the ball room and in the luncheon.

At 11:00, there was a cessation of the music, just long enough for the serving of the luncheon which was dainty and appetizing. Chicken salad on a lettuce leaf, olives, French jelly, in red, white and blue moulds, wafers, and coffee were served, in such a systematic manner that only a few minutes of the dancing time was lost. Punch and candies were served all during the evening. The Hotel service catered.

The orchestra, a Chillicothe organization, played a good musical program. They responded generously to encores. When "Home Sweet Home" finally sounded, the guests all quitted the happy party with reluctance.

Maple Grove Hotel, if possible, is prettier this season than ever before. The air is pure. The view from the hill in every direction is beautiful and in all respect it is a most delightful summer resort.

The marriage of Miss Hilda Kyle, daughter of Mr. and Mrs. R. C. Kyle, of Columbus, to Mr. Joseph Hersherger, of Lancaster, assistant State Fire Marshall, will take place at the bride's home in Columbus, on June the thirtieth.

No formal invitations have been issued.

The bride-elect is a young woman of winning personality and lovable traits and during her few years of

residence in this city became a favorite with all who knew her, so that her approaching marriage elicits good wishes galore in Washington circles.

CHICKEN THIEVES USE AUTOMOBILE TO HAUL PLUNDER

Chicken thieves, in an automobile, made a rich haul among the farmers five miles east of this city, sometime Monday night, obtaining scores of plump hens and roosters and making their get-away in good order, leaving behind several coffee sacks used in bagging their plunder and carrying it to the machine left standing about 100 yards from the scene of operations.

The thieves visited the hen roosts of Harry Bell, Frank Poole, J. A. Wolfe and A. R. Stokesbury, all residing on the Old Lexington pike, connecting the Circleville pike with the Waterloo pike. At the Bell residence the thieves made a clean sweep and 33 plump hens were missing when Mr. Bell awoke Tuesday morning.

At the Poole residence the thieves also carried off two or three dozen chickens, and from 10 to 20 disappeared at the Wolfe home, where a coffee sack with feathers in it was left, and the gates about the premises left ajar.

At the Stokesbury residence a sack containing two old hens was left and the thieves evidently had been frightened away when just about to raid the chicken roost.

Chief Moore went to the scene Tuesday morning and made every effort to trace the thieves. Arrests are expected.

Later information is to the effect that the thieves also visited Sam Rooks and stole all of his chickens.

Will Wood, residing on the Circleville pike, was aroused by a machine stopping near his premises. He arose and remained on the veranda from 11:00 p. m. to 1:00 a. m. before the men returned to their machine, which showed no lights, and proceed on their way, going down the Circleville pike a short distance and then turning off on the Jones road.

DYNAMITERS BUSY ON RATTLESNAKE

Dynamiters were active in the waters of Rattlesnake creek on the Worthington farm in southwestern Fayette Monday night, and a number of heavy charges of dynamite were exploded in the waters of the creek for the purpose of killing fish.

The men who did the work went to the scene by automobile, and are said to have removed the numbers from their car before leaving it for their illegal work of killing fish.

A number of persons in the community were aroused by the heavy detonations.

The affair has been placed in the hands of the Fish and Game Protective association, and every effort will be made to locate the offenders, and bring them to justice.

\$100,000,000 IS GOAL SET BY OUR RED CROSS

America Must Do Her Part in "Binding Up Wounds of Civilization"—Henry H. Davidson Heads Committee for Raising \$100,000,000 in Week of June 18-25.

Mr. Henry H. Davidson, financial expert, has been placed in charge of the \$100,000,000 campaign of the American Red Cross.

Fifty expert money campaigners have been sent out from the central headquarters in Washington to take charge of posts assigned to them in various parts of the country.

Ten subscription teams will be organized in each city of the country, each team being headed by a leading banker or business man.

In discussing the task of raising the funds, Mr. Davidson has emphasized that England, France and Russia have been fighting the battle of the United States until now and that the time has come for this country to repay the debt.

"We have profited perforce from the sacrifices and sufferings of these brave allies. We have become the market-place of the world. The war has sent great riches, great prosperity to our country. Nearly three years of this prosperity and security have been vouchsafed to the American people. Now, at once, immediately, there is need for action with all our resources of men and money and sympathy—and the last is scarcely less important than the first and second. What are we going to do? It is up to the American people.

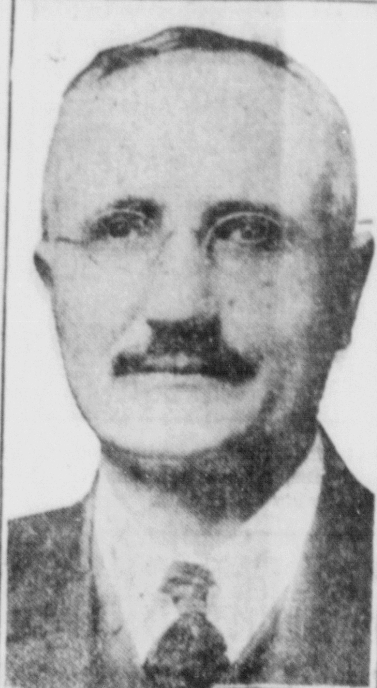

America's Responsibility
"Are the American people going to let the rest of a liberty loving world struggle and suffer for us and eventually be stricken down, taking with them in their fall the only barrier that now stands between the Germans and ourselves? These are no speculation, they are facts. Unless we in America wake up, unless our minds take fire with the inspiration for service, unless we open our pocket books and our hearts, then, mark my words, there may be a German Governor-General in Manhattan.

"This is no time for any man to say 'Well, so many calls have been made on my pocketbook that I don't feel as if I could afford to give to the Red Cross.' This is an inopportune call. Well, I say to that man, 'My friend, the whole war is inopportune. It is inopportune that millions of brave men are dying or suffering that we may remain a nation, not a German province. It is inopportune that millions of women and children are miserable and hopeless and starving. Also a German Governor-General of occupied America would be rather inopportune.'

"Excuses and evasions won't do. The man who has an income of \$50,000 a year might as well make up his mind to give half of it to the Red Cross. That's the spirit the situation demands.

"Canada has raised \$16,000,000. A corresponding amount for our Red Cross would be \$120,000,000. Therefore on requests are reasonable, most moderate. We want subscriptions from everybody, rich, well to do, poor. It must be a national undertaking, in the finest and most thorough sense of the word. We would like to have 20,000,000 members for the American Red Cross if we can get them."

SIBERT, PROMOTED, RANKS HIGH AMONG ARMY'S ENGINEERS

WILLIAM L. SIBERT

William L. Sibert, advanced to the rank of major general in the regular army by President Wilson, is one of the army's most distinguished engineer and artillery officers. His best known work is the Gatun locks and dams of the Panama canal. General Sibert is an Alabamian, fifty-six years old and a graduate of West Point, class of 1884. In 1914 he was placed at the head of the American Red Cross plan for the prevention of floods in China.

LOAFERS SCARCE IN WILMINGTON

Washington C. H. papers are lamenting the number of able-bodied men loafing about the streets of that city, and state that a clean-up crusade is in order. Here in Wilmington Mayor Lacy started such a clean-up over a year ago. The men who would not go to work were thrown in jail on a loitering charge. Then the Mayor found places to rthem to work and if they did not show up they got a trip to the Workhouse the next time they were sighted. The same dose had to be applied in a number of cases this spring, but it would be hard now to find any loafers. "There ain't any such animal," about Wilmington at least.—Wilmington News.

NEW ACTIVITY SHOWN BY ALLIES

(By American Press)
London, June 18.—Increasing military activity is reported from the Macedonian front.

Withdrawal of British forces on the extreme eastern wing along the lower reaches of the Struma river is believed to foreshadow an attempt to retake Serbia or at least that portion of it as far as Nish, through which runs the famous Berlin-Constantinople railway.

Along the Vardar and Morava river valleys, northward through Serbia, undoubtedly would prove easier ground over which to operate than northward along the Struma and through western Bulgaria to the junction of the railway at Sofia. No impediment is being placed in the way of the troops that have been landed in Thessaly, and, with the departure of former King Constantine from the country, the people are declared to have become more friendly to the entente alliance by placing their adherence in the provisional government of Venizelos.

Although on the eastern wing the British have given up numerous villages which they previously burned, they are holding tightly to the bridgehead position on the left bank of the River Struma, in the Lake Tahnosi-Bukovo sector, northeast of Saloniki. There has already been some activity on the part of the British in the Vardar-Lake Dorain sector, but Sofia reports that the attempt made by them to advance near Dautli was repulsed.

According to the Bulgarian war office the British have fallen back across the Struma river, allowing the German allies to occupy eight Macedonian villages.

The British were forced to retire also upon the western front. Using fresh troops Von Hindenburg struck back at Field Marshal Haig's army opposite Arras, occupying some advanced positions which the British found untenable. There was violent fighting throughout the night around Monchy and it was in that sector that the British were compelled to give some ground.

SAUER'S BAKERY

NO COAL SHORTAGE

(By American Press)

Columbus, June 19.—The coal shortage of last winter will not be repeated next winter, in the opinion of Chairman O. H. Hughes of the state utilities commission. While prices never again may reach their former low level, he says, there is ample time for preparation against a shortage and the commission will be right "on the job" as far as the coal situation is concerned.

Shortage of freight cars rather than of coal was the trouble last winter. On orders of the commission, railroads now are giving preference to coal shipments.

Many gas companies have informed the commission that in their new contracts they are charging industrial concerns the same rates as domestic consumers and reserving in addition the right to cut off the gas for industrial purposes without notice, if necessary in cold weather.

BELGIANS SEE PRESIDENT

(By American Press)

Washington, July 19.—In greeting Belgium's war mission President Wilson expressed the nation's "solemn determination that on the inevitable day of victory Belgium shall be restored to the place she has so richly won among the self-respecting and respected nations of the earth."

The commissioners spent the first day in Washington paying official calls. Secretary Lansing accompanied them to the White House, where Baron Moncheur, head of the mission, handed to President Wilson a personal letter from King Albert and expressed in a short address Belgium's gratitude for America's aid.

"Since the first days of the greatest tragedy which has ever befallen humanity," said the baron, "Belgium has contracted an immense debt of gratitude to the generous American nation. In a magnificent outburst of sympathy for the little country which had chosen to delay a powerful and pitiless enemy rather than to tarnish its honor or forsake its plighted word, the initiative of American citizens gave to the unfortunate victims of German cruelty in Belgium the most splendid evidences of generosity."

President Wilson, thanking Baron Moncheur and through him King Albert, said in reply: "Your excellency is good enough to express the thanks of the Belgian people for the participation of America in feeding the people of your stricken country. This work in which so many Americans have been enthusiastically engaged since the beginning of the war is one which has brought as much benefit to them as to the innocent civilian population whom it was intended to aid."

"America engaged upon this work as being the only means, however inadequate, of expressing our deep and sincere admiration for the valiant nation that had gone forth unhesitatingly to meet the onslaughts of a ruthless enemy rather than sacrifice her honor and her self-respect."

"The American people have been able to understand and glory in the unflinching heroism of the Belgian people and their sovereign, and there is not one among us who does not today welcome the opportunity of expressing to you our heartfelt sympathy and friendship and our solemn determination that on the inevitable day of victory Belgium shall be restored to the place she has so richly won among the self-respecting and respected nations of the earth."

He had been summoned to appear at the trial of Aldene Welty, charged with forgery and wrecking the company. Peter B. Hiltz, president of the company, died of self-inflicted injuries when the smash came, a few weeks ago.

FOR PROTECTION
(By American Press)

Washington, June 19.—Congress must pass food legislation by July 1 to protect the people of the United States from speculators. This was the message sent to congress by President Wilson in a letter to Congressman Borland of Missouri. "To protect the people against extortion," is the purpose of the administration food legislation. "The object of the measure is not to control the food of the country, but to release it from the control of speculators." President Wilson said. "It seems to me that those who oppose the measure might very seriously consider whether they are not playing into the hands of speculators and whether they are not making themselves responsible, should they succeed, for the extraordinary and oppressive prices of food in the United States. I hope and believe that the congress will see the measure in this light and that it will come to an early passage."

CAN EAT ONIONS PIE, CABBAGE AND CAKE, SHE SAYS

But 'Twas Vastly Different With Mrs. Keener Before Nerv-Worth Came.

Only those persons who have gone through the happy experience recorded in the following statement can fully realize the deep pleasures of the table. One must have suffered severely from indigestion and then found a way to eat without distress if he wants to know what the enjoyment of meals really means. Mrs. Parthena Keener, of Montana Mines, near Fairmont, W. Va., found such enjoyment by the use of Nerv-Worth, as the following letter, which she wrote some time ago to her Fairmont druggist, fully proves:

"I have taken three bottles of Nerv-Worth and it has helped me wonderfully. I was so nervous that I could not stand the noise of children playing. I now can eat onions, cabbage, cake and pie. I can now sleep nine hours."

LEADERS FEAR A FILIBUSTER

(By American Press)

Washington, June 19.—Opening of debate in both branches of congress on the food bill—for governmental control of food-stuffs and other necessities—disclosed determined opposition, particularly by a number of senators which threatened to prevent its enactment by July 1, as requested by the president.

Passage of the bill by the house late this week is confidently expected by administration leaders. But advocates as well as opponents in the senate may debate will be protracted there for several weeks, and unless the president adopts some extraordinary steps to hasten action the law hardly can be enacted in time to set up the food administration before harvesting begins.

Administration supporters privately expressed fear of a senate filibuster. They are prepared, if necessary, to invoke, for the first time, the senate's new anti-filibuster rules.

In an effort to allay senate opposition, it was arranged to have an informal conference between senators and Herbert C. Hoover, chosen by the president to be food administrator with immediate charge of exercising the powers sought. At the suggestion of Senator Ransdell, Mr. Hoover was invited to appear at a public meeting of the agriculture committee before the senate convenes and explain the legislation. A general invitation to all senators to attend and question Mr. Hoover was extended.

In the initial discussion of the bill administration spokesmen urged that mobilization of America's food power in the war demanded radical steps and vesting of new and wide powers in the president. The opposition protested that a dictatorship and interference with business and individual rights were proposed, and questioned the constitutionality of the legislation.

Both houses made the measure their pending business with the purpose of keeping the legislation continuously under discussion until disposed of, excluding virtually all other business.

Senator Chamberlain, Democrat, of Oregon, chosen to have charge of the bill in the senate, urged it as a war necessity, declaring governmental control of food as essential as men and munitions. Senator Sheppard of Texas, Democrat, and Senator Keeney of Iowa, Republican, also spoke in behalf of the bill.

In the house, Chairman Lever of the house agriculture committee, also emphasized the necessity of the legislation. He said the president could be trusted with the powers proposed and that they would be invoked against crooks and not against legitimate business interests.

Opposition in the senate was voiced by Senators Gore, Democrat, chairman of the agriculture committee; Reed and Vardaman, Democrats, and Gallinger, Republican.

In the house opposition was led by Representative Haughton of Iowa, Republican, and Young of Texas, Democrat, both declared the legislation is unnecessary and unwise and aimed almost solely at the rural producers.
